1. Welcome to Nexora

Welcome to Nexora Technologies Ltd. We are a software and digital services company founded in January 2015 by Daniel Carter, our Chief Executive Officer. What began as a team of three people building custom software for small businesses has grown into a company of 20 employees serving clients across several industries with software development, IT support, digital marketing and business consulting.

This handbook is your guide to life at Nexora. It explains what we stand for, how the company is organised, what you can expect from us and what we expect from you. It complements the Company Policies manual: the policies are the rules, and this handbook is the explanation. If the two ever differ, the Company Policies manual prevails.

1.1 Our Mission

To help small and medium-sized businesses work smarter by delivering reliable, affordable and human-centred technology.

1.2 Our Vision

To be the most trusted technology partner for growing businesses in our region by 2030.

1.3 Our Core Values

Value	What it means in practice
Integrity	We do what we say, tell the truth about problems early and protect client and colleague confidentiality.
Ownership	We take responsibility for outcomes, not just tasks. If we see a problem, we raise it or fix it.
Collaboration	We share knowledge freely, give credit generously and work across teams.
Customer Focus	We start with the client's real need and measure success by their results.
Continuous Learning	We invest in our skills and treat mistakes as lessons, not failures.

Your work location is shown in your employment record and may be changed only by agreement with your manager and HR.

Each quarter, the leadership team recognises one 'Nexora Star' who has demonstrated our values. Winners receive a certificate, a gift voucher and a mention at the all-hands meeting. Peer thank-you notes are shared in the team chat at any time.

8.3 Respectful Workplace

Nexora has zero tolerance for harassment, bullying or discrimination. Concerns can be raised confidentially with the HR Manager (hr@nexora-tech.com) or directly with the CEO. Every complaint is investigated within 14 days, and no one will be penalised for raising a concern in good faith.

8.4 Emergencies

In an emergency, call local emergency services first, then notify the Operations Manager. In the event of office closure, the Operations Manager informs all staff by email and team chat, and employees work remotely until further notice.

9. Office Facilities and Equipment

9.1 The Office

The Head Office has an open-plan workspace, three meeting rooms, a quiet room, a pantry and a small library. Meeting rooms can be booked in the calendar system. The Branch Office has a shared workspace and one meeting room. Visitors must sign in at reception and be accompanied at all times.

9.2 Equipment and Assets
